Attachment D –Uniforms and Equipment Requirements

Uniform and Support Equipment Standards

Security Police Officer

The Contractor shall issue standard, complete, adjusted for climate, appropriate uniforms to all uniformed officers to be worn at all times when on duty or as directed. Every Security Police Officer shall be issued and shall be required to wear Threat level IIIA concealable body armor in a color appropriate to the duty uniform, while armed for duty or training. Two carriers shall be issued to each officer. See table below for uniform photos:

Uniform	Description
	<p><u>Supervisors Sergeant and above:</u></p> <p>Winter - shown to the left. White long sleeves, Black Tie and Black Uniform Pants.</p> <p>Summer - Short Sleeves/no tie.</p> <p>High quality baseball style cap and appropriate cold weather caps where necessary</p>
	<p><u>All Security Officers:</u></p> <p>Winter - shown to the left. Light grey, Long Sleeves, w/tie (male) and w/tab (female) and Black Uniform Pants.</p> <p>Summer - Short Sleeve/no tie</p> <p>High quality baseball style cap and appropriate cold weather caps where necessary</p>

	<p><u>Canine:</u></p> <p>Light grey Polo, Battle Dress Uniform (BDU) Black Pants, NASA protective Services Patch</p>
	<p><u>Administrative Personnel including Badging and Locksmiths:</u></p> <p>Light grey Polo, Black Pants, NASA protective Services Patch</p>

Every Security Police Officer shall be attired and equipped to a single standard. Consideration for climate and geography is authorized by adjustments of fabric type and weight. The uniform selected by the Contractor, shall conform to high quality manufacture and shall provide for quality appearance, safety, comfort, durability, stain resistance, and performance.

Sufficient quantities of uniforms shall be issued to provide officers with clean serviceable uniforms for daily use.

Contractor identification on civilian attire is not authorized when civilian clothing is worn in lieu of a uniform.

Appearance

The uniform shall present a favorable public image.

The appearance of uniforms shall fit well and be clean, neat, and well pressed.

Foot wear shall be clean and polished at all times.

The NASA standard uniform patch (shown below) and nametag supplied by NASA, either metal or embroidered, identifying the wearer as a security officer/police, shall be worn on the duty shirt, outer garment and hat.

No contractor identification, logo, or trademark, shall be worn or displayed on the uniform at any time.

Inappropriate wear of the uniform while off duty is prohibited.

Uniforms and equipment for security officers/police shall consist of the following minimum items considering geographical and climate conditions:

- a. Shirts shall be seven (7) button placket fronts with shoulder epaulets and have sewn in creases. Shirts shall have pleated and scalloped pockets and a badge sling on the left breast pocket.
- b. Standard uniform duty trousers shall be black in color. Adjustment of fabric for climatic conditions shall match the look and appearance of the standard uniform as much as possible. Trousers shall have a black stripe side seam and shall have no cuff.
- c. Standard uniform duty sweater shall be V-neck black, military style, badge tab, with shoulder epaulets.
- d. Rain Suit and cold weather clothing shall consist of a duty coat, rain boots, gloves and cold weather parka and pants appropriate for cold climate locations.
- h. Standard uniform duty shoes are black. Athletic shoes are unacceptable.
- i. Standard uniform duty gear shall be plain black. All duty gear shall be fully serviceable and professional in appearance. Duty Gear shall include a duty belt, level III retention holster, pants belt, belt keepers, reflective vest, magazine pouch, radio carrier, baton holder, Oleoresin Capsicum (OC) spray holder, flashlight carrier, handcuff pouch,

nametag, US Flag patch on right sleeve, appropriate rank insignia, GSFC SOW patch on both sleeves and other items as approved by the COTR.

- j. Patrol Jacket shall have a fluorescent yellow Hi Visibility outside and black reversible inside with Protective Services uniform patch and badge displayed.
- k. Special (non-standard) Uniforms include: K-9, tactical, vehicle inspection posts and other specialized details. The special details shall be permitted to wear a Battle Dress Uniform (BDU) style tactical uniform, black in color that meets the unique requirements of these assignments.

Non-uniformed officers (i.e. Program Manager, Security Analyst, etc.) shall wear professional business attire that meets the needs of the mission and complies with the provisions of this attachment. Contractor identification on civilian attire is not authorized when civilian clothing is worn in lieu of a uniform.
